"No Compromise With

Dishonor!" ALL honor to Governor TAYLOR for refusing to be buncoed by a gang of political buccaneers.

THE people of Kentucky will stand by Governor TAYLOR for having called the Democratic bluff.

THE "compromise" that Governo TAYLOR was asked to sign was one that would "compromise" himself

The theft of over 200,000 votes be-longing to the freemen of Kentucky is now up to the *so-called Democratic members of the Legislature.

HEREAFTER, when the Republicans nominate a man for Licutenant-Gov-ernor, it might be well to learn in ad-vance whether he is afraid of his own Mr. MARSHALL appears to be rattled.

SENATOR THOMAS II. HAYS of Louisville is a Democrat and an old Confederate soldier. This isn't the first time he has heard the "long roll," and he is entitled to all honor for standing bravely with the Republican-at London. Senator, we salute you!

When the clouds roll by people of all parties will respect Governor Tay-LOR for an exhibit of backbone that was in strong contrast to the weak members who were ready and willing to surrender the rights of the men who elected him to the Governorship.

SUPPOSE EPH. LILLARD OF JACK CHINN, or even Hodray Woodson or WILLARD MYCHELL, were in Gov-ernor W. S. Taylon's place;—would either of them "surrender" because a few chalk-and-water Democrats had met in a private room and requested them to do so? Not on your Gatling

red. Henry Gardner and Thomas agreement surrendering his high office at the request of a few chalk-and-water Republicans, made on the demand of the Democratic office seeking and buildozing gang, twould have been a display of cowardice that even the Democrats would have despised.

The democratic office is the democratic

IF General TAYLOR is thrown out now and Mr. Beckhau made Governor, the responsibility will rest entirely upon the Democrats. According to the views of the situation held by the Republican leaders in Washington, such action will just lythe Senate in rejecting Mr. Blackburg, it is made as an an obsen elected Senator.

What right have a few hungry office-seelers to deprive citizens of Kentucky of their votes? The people of this state in November last chose a set of officials to manage their faffairs for the next four years. And now comes the defeated party and demands, at the hands of less tand 100 partices, and the stringly of robbing people of the right of suffrage.

JUSTICE ALDEN CHESTER of the Supreme Court of New York, speaking of Kentucky affairs, says:
